RAMI EBDAH

Backend Developer

Address: Amman   Phone: 0781157427   Email: ramiebdah6@gmail.com   LinkedIn: https://www.linkedin.com/in/rami-ebdah-389281299/

About Me

Computer Information Systems student at the University of Jordan, currently in my final semester. Passionate about problem-solving and transforming ideas into real-world solutions. Eager to take on challenges, enhance my skills, and contribute to impactful projects in a dynamic work environment.

Education

2021-2025   **Bachelor, Computer Information System**

                         University of Jordan

Experience

March/2025 - May/2025   **Backend developer intern @ ODROS.JO**

During my internship at ODROS.JO, I gained valuable real-world experience .I learned how to design and manage relational database management systems (RDBMS), develop RESTful web APIs using ASP.NET Core, and build CRM applications using C# with Windows Forms.

Skills

Technical Skills :
- **Clean Code**
- **Problem Solving**
- **C#**
- **SQL**
- **OOP**
- **Data Structure**
- **C++**
- **.NET**
- **Java**

Soft Skills :
- **Leadership**
- **Self-confidence**
- **Team working**
- **Team Building**
- **patient to work**
- **Good listener**

Certifications

• ASP.NET web API -RESTful API-   (issued by programming Advices 3/2025)
• C# & database connectivity Using ADO.NET (issued by programming Advices 2/2025)

• Database-SQL- Level-2 (issued by programming Advices 2/2025)

•OOP Level-3 (issued by programming Advices 2/2025)

• Database-SQL- Level-1 (issued by programming Advices 1/2025)

• Programming Using C# (issued by programming Advices 12/2024)

• Data Structure in C++ (issued by programming Advices 12/2024)

• Algorithms & Problem Solving level-4 (issued by programming Advices 11/2024)

• OOP Level-2 (issued by programming Advices 11/2024)

• OOP Level-1 (issued by programming Advices 10/2024)

• Programming Using C++ Level-2 (issued by programming Advices 09/2024)

• Algorithms & Problem Solving level-3 (issued by programming Advices 09/2024)

• Algorithms & Problem Solving level-2 (issued by programming Advices 08/2024)

• Programming Using C++ Level-2 (issued by programming Advices 07/2024)

Projects

ZeroToCoder : *ZeroToCoder is a web-based application that is developed to assist IT students overcome the confusion and lack of direction when entering the IT related fields. It provides clear roadmaps for various IT specializations, high-quality courses, an interactive community, and a job board to connect students with real opportunities. ZeroToCoder is developed using React for the frontend and ASP.NET Web API with Entity Framework and SQL Server Management Studio for the backend.*

Bank Management System *Developed a small File Bank Management System with various functionalities Using C++.*

Soft Skills Academy *Designed and developed an interactive platform for soft skills training for student about to graduate.*

Languages

- ***Arabic (Native)***
- ***English (Advanced)***

Volunteering

Kasit team

Field staff   08/2022 – 12/2022

Working with the biggest team in my college was an amazing thing that add to me a lot in my journey our goal was to help students in every possible way we can under the motto (Impact never fades!)
